

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + Make non-commercial use of the files We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + Refrain from automated querying Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + Maintain attribution The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + Keep it legal Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

1 Lord Anglesey joined the Duke of York's army in Flanders in 1794, in command of the 80th; in the retreat he had the temporary command of Lord Catheart's Brigade. Accompanied the Duke on the Expedition to Holland in 1799, and commanded the cavalry in the action of the 9nd Oct.,—" late in the evening, the enemy's cavalry having been defeated in an attempt which they made upon the British Horse Artitlery on the beach, and having been charged by the cavalry under Lord Paget, were driven with considerable loss nearly to Egmont op-Zee." In the retreat of that army he protected the rear with his cavalry, and some skirmishing having taken place in which several pieces of cannon fell into the hands of the enemy, his Lordship with one squadron attacked the force under General Simon, amounting to six times his own numbers, repulsed them, retaking the British, and capturing at the same time several pieces of the encapy's cannon. In 1808 proceeded to the Peninsula in command of two brigades of cavalry; attacked and defeated a body of the enemy at Sahagun; and, during the retreat of Sir John Moore he brought up the rear, and was engaged with the enemy at Mayorga and Benevente. Commanded a division of the Army under the Earl of Chatham on the Walcheren Expedition, in 1809. Commanded the cavalry in the campaign of 1815; engaged in frequent charges on the enemy, in protecting the rear of the infantry on the retreat of the 17th June; and, towards the close of the battle of Waterloo he was struck on the right thirth by a cannon-shot,—leg amputated. His Lordship has received a Medal for Sahagun and Benevente.

[Returned from N. America, 23 May, 1842.]

1 Sir Roger Sheaffe served in Holland in 1799; and in the expedition to the Baltic, in 1801, under Sir Hyde Parker and Lord Nelson. The Americans having invaded Upper Canada at Queenstown on the 18th Oct. 1812, and General Brock, commanding in the province, having fallen in a gallant effort with an inadequate force to oppose them, they posted themselves on a woody height above Queenstown. Major-General Sheaffe, on whom the command devolved, assembled some regular troops and militia, with a few Indians, and on the same day attacked and completely defeated them, their commanding General delivering his sword to Major-General Sheaffe, and surrendering his surviving troops on the field of battle—their number far exceeding the assailants. For these services Sir Roger was created a Baronet.

2 Colonel Maxwell served the campaign in Calabria, and commanded the artillery that besieged Scylla Castle. Served subsequently on the Eastern coast of Spain; embarked with Lord William Bentinck from Tarragona, after having assisted at two sieges of that fortress; took part in the Italian campaign, and was Brigade-Major to the artillery at the capture of Genoa.

4 Major De Lacy served in the Peninsula from Aug. 1809 to the end of the war, including the battles of Busace and Albuhera, sleges of Ciudad Rodrigo and Badajoz, battles of Salamanca, Vittoria, Pyrenees (28 July, to 2 Aug.), Nivelle, Orthes, and Toulouse. Received a gun-shot wound in the right arm at Vittoria. Has served seven years in the West Indies since the peace.

5 Captain R. S. Ridge served the Mahratta and Pindarree campaigns of 1817 and 18, and afterwards with the expedition to the Persian Gulf, including the siege of Ras-el-Kyma.

Facings Yellow.—Agents, Messrs. Cox & Co. 1 Sir Loftus Otway served in Ireland during the rebellion in 1798, and was present in the action at Vinegar Hill. Proceeded to the Peninsula in 1808 as a Major in the 18th Husars, and on the 18th of Dec., at Rueda, he surprised and captured the whole of the French Cavalry out-lying piquet. On the 16th following, near to Valladolid, whilst en decouvert, he encountered Col. Antiguac, commandant of the 22d Chasecure & Cheval, at the head of a strong force; charged and routed him; took the Colonel prisoner, and more of his Chasseurs than he had Dragoons to guard them, and brought them all into Head-quar'ers, horses, men, arms, and beggage. At Benevente, whilst commanding the out lying piquet, he was opposed to Lieut.-General Le Pevre, for nearly an hour, at the head of six equadrons of the Imperial Guard; charged and broke his advanced guard, whose commanding officer was killed, and whose sword he took. In the affair of Campo Mayor he gained the rear of the enemy, and captured between five and six hundred men and their entire battering train (sixteen 96-pounders), and brought them part of the way back, but was obliged to abandon his capture,

At Barrosa his regiment captured the Eagle of the 8th French Regiment; and at Vittoria they captured the Baton of Marshal Jourdan. At the Nivelle he was again severely wounded. Wounded at Redinha, and again at Fuentes d'Onor.

250 Lieut. Bace crossed the Desert in Egypt with the army under Sir David Baird. Served also with the expedition to Italy under Sir James Craig; subsequently in Sicily and Calabria; and finally in the Peninsula, including the passage of the Huebra, battles of the Pyrenees (28th July to 2nd Aug.), Nivelle, Nive (9th to 13th Dec.), Orthes, and Toulouse, and various minor affairs. At the battle of Toulouse he had a horse shot under him, and commanded the 61st several! hours in that action, and to its close,—all his senior officers being either killed or wounded,—and has consequently received the medal.

On the 7th October, 1813, a General Order, of which the following is an abstract, was issued by the Commander-in-Chief:—

Whereas considerable inconvenience has arisen from the number of Medals which have been issued in commemoration of the brilliant and distinguished events in which the success of His Majesty's arms has received the Royal approbation, the Prince Regent has been pleased to command that the following Regulations shall be adopted in the grant and circulation of such marks of distinction: viz.—

1st. That one Medal only shall be borne by each Officer recommended for such distinction.

2nd. That for the second and third events, which may be subsequently commemorated in like manner, each individual recommended to bear the distinction shall carry a gold Clasp attached to the ribbon to which the Medal is suspended, and inscribed with the name of the Battle or Siege to which it relates.

3rd. That upon a claim being admitted to a fourth mark of distinction, a Cross shall be borne by each officer, with the names of the four Battles or Sieges respectively inscribed thereupon; and to be worn in substitution of the distinctions previously granted to such individuals.

4th. Upon each occasion of a similar nature that may occur subsequently to the grant of a Cross, the Clasp shall again be issued to those who have a claim to the additional distinction, to be borne on the ribbon to which the Cross is suspended, in the same manner as described in No. 2 of these Regulations.

His Royal Highness was further pleased to command that the distribution of Medals or Badges for Military services of distinguished merit shall be regulated as follows: viz.—

1st. That no General or other Officer shall be considered entitled to receive them, unless he has been personally and particularly engaged upon those occasions of great importance and peculiar brilliancy, in commemoration of which such marks of distinction are to be bestowed.

2nd. That no Officer shall be considered a candidate for the Medal, or Badge, except upon the special selection and report of the Commander of the Forces upon the spot, as having merited the distinction by conspicuous services.

3rd. That the Commander of the Forces shall transmit to the Commander-in-Chief, Returns, signed by himself, specifying the names and ranks of those Officers whom he

shall have selected as particularly deserving.

4th. The Commander of the Forces in making the selection will restrict his choice to the undermentioned ranks: viz.—

General Officers.

Commanding Officers of Brigades.

Commanding Officers of Artillery, or Engineers. Adjutant-General, and Quarter-Master-General.

Deputies of ditto, and ditto, having the rank of Field Officers.

Assistants, Adjutant and Quarter-Master-Generals, having the rank of Field-Officers, and being at the head of the Staff, with a detached Corps, or distinct division of the Army.

Military Secretary, having the rank of Field Officer.

Commanding Officers of Battalions, or Corps equivalent thereto; and Officers who may have succeeded to the actual command during the engagement, in consequence of the death or removal of the original Commanding Officer.

The Crosses, Medals, and Clasps, are to be worn by the General Officers, suspended by a Ribbon of the colour of the sash, with a blue edge, round the neck; and by the Comanding Officers of Battalions, or Corps equivalent thereto; and Officers who may have succeeded to the actual command during the engagement; the Chiefs of Military Departments, and their Deputies and Assistants (having the rank of Field Officers); and such other Officers as may be specially recommended, attached by a Ribbon of the same description to the button-hole of their uniform.

Those Badges which would have been conferred upon the Officers who have fallen at or died since the Battles and Sieges, shall, as a token of respect for their memories, be trans-

mitted to their respective families.—Vide the London Gazette, 9th October, 1813.
